

NEW PRODUCT SOLUTIONS FOR HONDA JAZZ/ FIT!!

Nolathane are pleased to release its latest range of replacement and alignment rectification solutions for the front control arms suiting the **Honda Jazz/ Fit 2002-08**

As with most compact vehicles these days, vertically mounted rubber control arm rear bushings are a common wearing & service item. **Nolathane** has this covered with a standard replacement solution and offset option to rectify wheel alignment issues (caster) and counteract heavily cambered roads that typically causes the car to pull to the left on straight roads.

HONDA Jazz GD (Fit) (10/02-7/08)
