Trailing Arm Bushes

to suit Mitsubishi Sigma & Scorpion

These vehicles were fitted with two different rear suspension systems. This leads to confusion as to what upper trailing arm components each vehicle requires. Listed below is a size chart designed to make the selection of correct components easier.

Make & Model	Description	Part No.	OD	ID	Length	Flange	Crushtube
			A	B	C	D	
Sigma & Scorpion GE-GN 	Trailing arm - upper	46009	48.5	19	23	5	T19x16x45
		46034	48.5	19	22.5	9.25	T19x16x45
		46041	46.3	19	29	7	T19x16x60
