

Nolathane Part No's. 45342 & 45453

AU - BF FALCON CAMBER / CASTER KITS

2 PART NUMBERS NOW AVAILABLE FOR STANDARD HEIGHT & ULTRA LOW VEHICLES

These **ADJUSTABLE** front upper inner control arm bush kits suit:
Falcon / Fairlane / LTD AU, BA, BF / NU / DU

The **Nolathane 45342** camber / caster kit provides up to 12mm adjustment in both directions which equals approximately 1.5 degrees positive or negative camber. This kit is recommended for vehicles with ride heights from standard down to "XR" height.

In response to demand for even more camber +/- or caster adjustment the NEW **Nolathane 45453** camber / caster kit is now available. This kit provides an additional 9mm of positive adjustment to the **45342** kit, which equals approximately 1.5 degrees additional positive camber. This kit is recommended for vehicles with ride heights below "XR" height. It may also be suitable for high mileage vehicles such as taxi's where **45342** provides insufficient adjustment.

Each kit contains:

- 2 x** Support assemblies
- 4 x** Nolathane bushes
- 2 x** Crushtubes
- 4 x** 1.5mm shims
- 12 x** 3.0mm shims
- 4 x** Self locking nuts
- 1 x** Nolathane grease

**2 KITS
REQUIRED
PER
VEHICLE**

The shim design includes a simple hook style slot at the top to make fitting easier - the shims do not slip off whilst fitting / tightening.

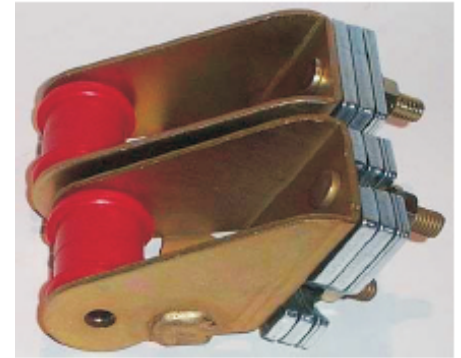

Tip - Additional positive caster of approximately 0.5 degree is normally required on the passenger side to compensate for road camber.

Replacement bushes for both kits are available as Part No. **45341** (Incl. 4 bushes & 2 crushtubes). The **45341** replacement bush kit also fits the original upper inner control arm assemblies.

Replacement shims are available as follows:

N.B.: These shims also fit the original assemblies.

Part No.	Shim Size	Qty of Shims
45351	1.5mm	10
45350	1.5mm	100
45353	3.0mm	10
45352	3.0mm	100
45354	6.0mm	5
