

The Products That Make The Name!!!

Replacement bushes

Whether you intend to build a Street Machine, Fast 4, go bush or simply drive to work, suspension bushes are the link between your vehicle and it's springs, struts and shock absorbers. **Nolathane** suspension bushes ensures there is no weakness in the suspension and therefore maintains steering control.

Alignment Correction bushes

Nolathane's alignment correction range is growing quickly as today's vehicles are made with little or no OE adjustment. The opportunity to use **Nolathane's** products to tune your vehicles Suspension to current roads and your own driving style is huge and with the cost of tyres and fuel, aligning the vehicle to handle and drive safer should be considered.

complete Control arms

Nolathane's Complete Suspension Arm program covers Commodore, Falcon and Toyota, so don't waste time replacing bushes or ball joints on popular suspension arms as all **Nolathane** arms are brand new with bushes and new ball joints (where applicable) already fitted.

complete sway bar links

Nolathane's complete sway bar link kits are the "Total Solution" as they include links, bushes and hardware. The range consists of both vehicle specific and universal link kits.

adjustable panhard rods

Nolathane's heavy duty on-car adjustable panhard rods are essential on all lowered vehicles or raised 4WD to correctly align the axles.

Lowering blocks

Nolathane's alloy lowering block kits are the economical and quick way to lower many leaf sprung vehicles.

Available in 1.0", 1.5", 2.0" & 2.5"

bulk BUDGET bushes

Nolathane's range consists of 11 fast moving part numbers for popular 4WD & light commercial spring eye & shackle bushes as well as our most popular sway bar link & panhard rod bushes.
