

NOLATHANE YOUR HATCHBACK!!! VOLKSWAGEN GOLF & AUDI A3 PRODUCTS NOW AVAILABLE!

Nolathane has increased its coverage of European vehicles with products now available for the very popular Volkswagen Golf & Audi A3/S3 small car range covering from 1996 to present

Unlike rubber, Nolathane polyurethane suspension bushes are not bonded by compression. Nolathane bushes are mechanically fitted with minimal crush of the urethane material, and the centre pin is lubricated so the component freely pivots without restriction. Combined with Nolathane's ability to maintain the bush shape, this free pivoting provides sharper handling response and greatly increased suspension control.

Nolathane bushes bring the following improvements to your suspension:
Enhanced road holding, steering and performance
Less change in suspension geometry under load, braking & through corners
Longer suspension life and less repair time
Longer tyre life

Volkswagen Golf Mk4 1J incl Gti 1997-04 AUDI A3/S3 Mk1 8L 1996-04

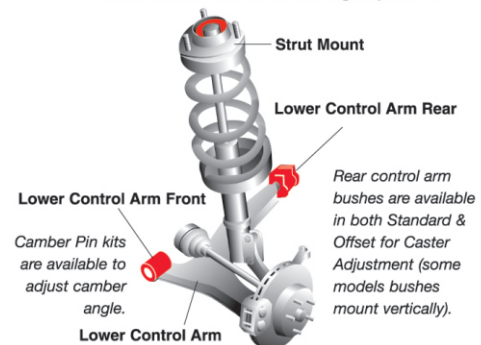

F or R	Description	Nolathane Part #	Kits Req	Bushes in Pack
